Witajcie w Nat Bistro!

Nasze wina produkowane są przez małych producentów, którzy zbierają winogrona własnymi rękami. Tereny, na których położone są winnice, korzystają wyłącznie z dóbr natury. Do upraw nie dodaje się zbędnej chemii. Wina produkowane są bez dodatków i nadmiernej ilości siarki.* Wszystkie fermentacje przeprowadza się bez użycia sztucznych drożdży, stosowane są wyłącznie neutralne kadzie by uniknąć niechcianego posmaku dębu.

* Niektóre wina zawierają jedynie minimalne ilości siarki, ponieważ powstaje ona naturalnie w trakcie procesu fermentacji.

Każdą z naszych butelek możecie zakupić na wynos ze zniżką -15%.

Welcome to Nat Bistro!

Our wines are produced by small producers who work with their hands and the grapes that their territories and nature give them without manipulations or additives. Wines produced without the addition of sulfur are indicated. The others have only minimal amounts of added sulfur. Fermentations are all completed without the addition of yeast and only neutral vessels are used because we do not like the taste of oak.

*No wines are completely sulfur - free due the production of natural sulfur during the fermentation process.

You can buy each of our bottles to go with a -15% discount.
